DIRECTORS REPORT AND STATEMENT: A copy of the Directors report and statement by Directors as circulated to all members pg 13-16 of Annual Report 2015.
Fitting at this stage to acknowledge the passing last month of long serving Member, Director and Life Member Mr Doug Gillespie. We shall long remember his jovial nature, complete honesty and as a very strong Board Member.
Present Chairman's report available to peruse on page 7, past year has been a rebuilding year to get finances in order and have come a long way in achieving this. However, still an enormous way to go in building this Club back to where it should be, with committed Directors, Managers and staff we will continue to enhance facilities for our Members.
Apologies to Members for timing and availability of the completed 2015 Annual General Report. New systems and procedures are now in place and monitored diligently by the Board each month.
Resolved on the motion of L Foote and J Burn that the report and statement be received.

Question - Les Foote queried Profit and Loss in sale of poker machine entitlements of \$160K what does this mean – Auditor J Haebich advised that during the Financial year the Club sold poker machine licence entitlements and they were subject to capital gains if those entitlements were acquired after September 1985, but they were acquired prior to this, you will notice that has been \$160K transferred to a reserve which is a pre-capital gains tax reserve so its protected against being taxed.

GENERAL BUSINESS:

Due to time constraints with the publication of the Annual Report, General Business items without pre-notice were heard from the floor.

Question - Mr Stan Clarke interested in Memorabilia, at turn of century Lake Rowan presented the RSL an honour role, Lake Rowan now has a hall of their own if the honour role was donated back they would be absolutely delighted, here it is in storage.

Board will take request into consideration and advise of outcome after November Board Meeting.

Question - John Dunstan queried - When required Dakota Aircraft had 2 engines downstairs, spare parts – are still property of club or have they been disposed?

The topic has arisen recently, CEO wasn't aware of this matter and he is now currently following up as to location and condition. Will advise of outcome in coming weeks.

Question - Chester Bodycoat noted concerns about staff morale, seems to be as low as have ever seen it, I think the system needs addressing used to be joyful place, staff looking for jobs elsewhere if can, if don't address will be without staff. Possibly need survey or to communicate with staff.

Chairman responded that this is being addressed, have to remember that year ago this Club was at its lowest, we have had to have rebuilding program which is hard on Directors, Staff and Members everyone feels that pinch. However, we shall endeavour to ensure that staff morale is positive, as they are the front line of our club and we will make sure addressed.

Was noted that remember Staff are your best asset, if don't look after and communicate with them they will be gone sooner than you think.

Question - Jo Cogan Query was made about Bingo and negativity of PETS, used to play 3 sessions per day now only come 1 session due to dislike of these.

Chairman advised will take onboard and revisit this issue.

Question - Val Flanagan (not registered as attending meeting): Regarding Bowling Club she queried reduced support from the Club, seem to sponsor elsewhere but not inhouse, Club that brings money into the premises.

CEO requested Daryl Richmond's response, Daryl clarified that the Bowls Club is supported very well by ClubMulwala who covers Greenskeeper wage, donates vouchers, buses and CEO has ensured financial support if required. Fully in support and grateful for the sponsorship offered by ClubMulwala.

Question - Terry Christie When Alan not here who is responsible? – as there is a persistent visitor to the Club who continuously wears hat.

CHAIRMAN's REPORT (Interim)

MEMBERS:

Firstly, I would like to thank and acknowledge the work, Brian Cossar did as Chairman till December and wish him all the best.

Secondly it is with great pleasure that I submit a report for our members with the news that ClubMulwala is in a solid position due to an operating profit of around \$770,000 for the financial year ending 2016.

This was a tremendous turn around over the previous couple of years.

ClubMulwala is looking at reinvesting back in our facility as evidenced by the commencement of our escalator which should be completed by early December 2016.

I would also like to congratulate ClubMulwala on being a finalist in the Clubs NSW Community Awards, this was an outstanding effort.

Thank you also to the fellow directors, management and staff for all their hard work and input over the year.

We are certainly looking forward to keeping our Club strong and vibrant over many years to come.

Kerry Pendergast

Interim Chairman Jan 2016- August 2016

CEO's REPORT

MEMBERS:

Firstly, I would like to personally thank all Staff and Members for being so supportive of ClubMulwala.

It does give me great pleasure to present my second report to our Members.

The 2015/16 year has been one of consolidation with the outlook to reinvest.

ClubMulwala has returned a Profit of \$770,173 for the 2015/16 financial year this compares to 2014/15 whereby the club lost \$164,797.

The turnaround of ClubMulwala has now given us an extremely strong business model to use as a base for future reinvestment back in our club, this can be seen already with the installation by Christmas [2016] of our escalators.

ClubMulwala is very focused on the Yarrawonga/Mulwala community with over \$320,000 of either cash or in-kind donations made throughout our community through numerous beneficiaries, we also support the RSL Sub Branch included in this are Legacy, Ladies Auxiliary and also Mulwala Elderly Citizens Village.

Employing for the most over 100 employees we are very serious about our commitment to Yarrawonga/Mulwala and will always continue to be, without our Members support we would not be in a position to do this, so for this tremendous support we do get, I would like to say thank you.

I would like to take this opportunity to personally thank Brian Cossar and wish Brian and Sheryl all the best.

I would sincerely like to thank all of our staff for the tremendous job each and every one has done over the past 12 months, all staff are valued members of our team.

I would also like to acknowledge the Board of ClubMulwala and the work they have put in.

I would like to acknowledge and congratulate all of our intra house affiliates including Indoor Bowls, outdoor Lawn Bowls and Snooker. Thank you for your ongoing support of our Club.

We will be reinvesting back in our already wonderful facility over the coming years and implementing more and more positive changes for all our members and visitors to enjoy.

We can certainly look forward to the future with confidence as we continue to make ClubMulwala one of the premier clubs and destinations on the Murray.

2016 Snooker Report

It's been another great year for the Snooker Intra-house Club, with member's competition snooker played on Monday night's and social snooker on every Wednesday night from the start of February to the end of November.

Our Club Champion this year, for the third year running was Samantha Macheda, who then backed up with her mother Shirley Ridley to win the Doubles Championship. We also had our annual challenge day against Albury Commercial club in May, where Club Mulwala won by the slimmest of margins, after a great day of snooker.

Our members have again excelled in tournaments across the state and country, with Adrian Ridley winning the Victorian State Snooker Championship's for a first time, which was one of the only tournaments in the country that had eluded him. Adrian has been ranked No.1 in Australia for a large portion of the year and it is a pleasure to watch him play in our local club, where he plays quite often, though as you can imagine, he has to give a huge handicap start. We also had Jake Thompson and Angus McMillan represent us at the Victorian state under 21 titles, where both players acquitted themselves very well. Jake also played in the Victorian under 15 titles where he won and took home another trophy. In July this year we had Jake Thompson and Mason Turner travel to Adelaide for the Australian Junior Snooker Championships where both boy's played well in their round robin groups and made it through to the last 8 knockout finals. Though in the quarter finals they draw each other, with Jake coming out on top and ended up going on to win the Australian under 15 Championship. Jake also played in the Victorian team in the Mitchell Billiards Cup – Australian Junior Teams Challenge, which Victoria won in a close match against Queensland in the Final.

We have recently had a couple of new members join the club who are not only nice blokes, but very handy with the cue. So if you are sick of sitting at home on Wednesday nights come down to the snooker room, get your name down by 7.00pm and have a good night of snooker and socializing. While getting to watch or even play against some of the country's best adult and junior players, with a handicap to make if a fair game, with Club Mulwala vouchers and cash prizes for the finalists.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30 JUNE 2016

Reporting Entity

The financial statements cover Mulwala & District Services Club Ltd as an individual entity, incorporated and domiciled in Australia. Mulwala & District Services Club Ltd is a company limited by guarantee.

The financial statements were authorized for issue on 19th September, 2016 by the directors of the company.

Note 1. Summary of Significant Accounting Policies

Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001. The Company is a not for profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cashflow information, have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

Early Adoption of Accounting Standards

The Company has not elected to apply any pronouncements before their operative date in the annual reporting period beginning 1 July 2015.

Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. There are no areas that involve a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements other than those described in the following accountancy policies.

Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Compliance with AIFRS

Australian Accounting Standards include Australian equivalents to International Financial Reporting Standards. Compliance with AIFRS ensures that the company financial statements and notes comply with International Financial Reporting Standards (IFRS).

In preparing the financial report the company has elected to apply options and exemptions available within AIFRS that are applicable to not for profit entities.

Economic Dependence

Mulwala & District Services Club Ltd is not dependent upon any entity or event.

Note 1:**a) Inventories**

Inventories are measured at the lower of cost, current replacement costs or net realisable value. Costs are assigned on the first in first out basis and does not include any element of fixed or variable overhead. Net realisable value is determined by reference to current selling prices of the various stock lines.

b) Property, plant and equipment

Each class of property, plant and equipment is carried at a cost or fair value as indicated, less, where applicable, accumulated depreciation and any impairment losses.

Freehold property

Freehold land and buildings are shown at their value based on periodic, valuations by external independent valuers, less subsequent depreciation for buildings.

In periods when the freehold land and buildings are not subject to an independent valuation, the directors conduct directors' valuations to ensure the carrying amount for the land and buildings is not materially different to the fair value. Increases in the carrying amount arising on revaluation of land and buildings are recognized in other comprehensive income and accumulated in the revaluation surplus in equity. Revaluation decreases that offset previous increases of the same class of assets shall be recognized in other comprehensive income under the heading of revaluation surplus. All other decreases are recognized in profit or loss.

Any accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Freehold land and buildings that have been contributed at no cost or for nominal cost are valued and recognized at the fair value of the asset at the date it is acquired.

Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognized either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(e) for details of impairment).

Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate, only when it is probable the future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognized as expenses in profit or loss in the financial period in which they are incurred.

Plant and equipment that have been contributed at no cost or for nominal cost are recognized at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the company commencing from the time the asset is available for use. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used in each class of depreciable assets are:

Buildings	2.50%
Plant & Equipment	18-22.5%
Leasehold Improvements	Term of Lease

The assets residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognized in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

c) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the company are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Lease assets are amortised on a straight line basis over their estimated useful lives where it is likely that the company will obtain ownership of the asset. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

d) Financial Instruments

The company has no financial instrument.

e) Impairment of Assets

At the end of each reporting period, the entity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognized in profit or loss.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset's class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is recognized against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

f) Employee Provisions

Provision is made for the company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee provisions payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows attributable to employee provisions.

Contributions are made by the company to employee superannuation funds and are charged as an expense when incurred.

The company does not record, as an asset or a liability, the difference between the employer established defined benefit superannuation plan's accrued benefits and the net market value of the plan's assets.

g) Income Tax

The company recognises the principles of tax effect accounting in terms of Australian Accounting Standards. However, in view of the method of calculation of the company's taxable income (a calculation of non member income only) the effect of the application of the principle would be insignificant and the amount of the deferred tax and liabilities to be eventually realised or payable are uncertain. For these reasons, tax effect accounting has not been applied in these accounts.

h) Goods & Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are included in the statement of cash flows net of the GST component

i) Cash

Cash and cash equivalents comprises cash balances, call deposits and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk in change in value. Bank overdrafts that are repayable on demand and form an integral part of the club's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows

j) Revenue

Revenue from the sale of goods and services is recognised upon the delivery of the goods and services to the customers. All revenue is stated net of goods and services tax (GST).

Interest income is recognised as it accrues at the current interest rate.

k) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from customers for goods sold in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Accounts receivable are initially recognized at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Refer to Note 1(e) for further discussion on the determination of impairment losses.

l) Provisions

Provisions are recognized when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognized represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

m) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognized as a current liability with the amounts normally paid within 30 days of recognition of the liability.

n) Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company

o) Promotions

Not all Members Benefits and internal promotion expenses are accounted for in our accounting system. In previous years' internal journals were entered increasing the income and shown as an expense against promotion.

p) Adjustments to previous financial year

Prior year adjustments were made to correct computer glitch relating to accrued wages.

The table indicates the impact on how profit and equity values reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible.

The sensitivities assume that the movement in a particular variable is independent of other variables.

My responsibility is to express an opinion on the financial report based on my audit. I conducted my audit in accordance with Australian Auditing standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Independence

In conducting my audit I have complied with the independence requirements of Corporations Act 2001. I confirm that the independence declaration required by the Corporations Act 2001, which has been given to the Directors of the Mulwala & District Services Club Limited, would be in the same terms if given to the Directors as at the date of this audit report.
